

CONTINENTAL

Classic style, contemporary performance.
An all-new collection of solid cast brass
ironmongery evoking a bygone era.
Made in Britain exclusively for Allgood.

CONTINENTAL

Classic style, contemporary performance

Continental comprises seven timeless designs of coordinated levers and pull handles in solid cast brass, all made in Britain exclusively for Allgood. Inspired by the iconic hotels of the art-deco period, the entire range is available in seven opulent finishes including living bronze and brass.

First conceived in 2017, Continental began as an idea to explore new markets by returning to classic materials. Allgood offered brass as part of the Modric range in the 1970s and 80s. The advent of new performance standards meant the material of the day fell from favour.

Today, brass is back in vogue with demand strong for this classic aesthetic. With a collection of original designs and using the finest solid cast brass, Continental meets modern demands with vintage style.

With our 25-year warranty, low maintenance and high performance are assured.

Our commitment to quality

Allgood was founded in 1948 with a mission to provide the highest quality architectural ironmongery through exemplary service. To deliver this, we have an unwavering commitment to quality in design and craftsmanship. The development of the Continental range responds to the growing interest in classic styling evoking a bygone era. Seven all-new designs of levers and complementary pull handles bring a modern take on this timeless aesthetic.

A quality of design must be matched by a quality of performance. We only use the finest materials and engineer our ironmongery to exceed British, European, and ANSI standards. With Continental, we used a machining quality of solid brass with a closer grain to deliver a superior finish while meeting durability expectations. The entire range is mounted on our patented Quadaxial™ rose that has been independently tested to over one million cycles.

Continental Range

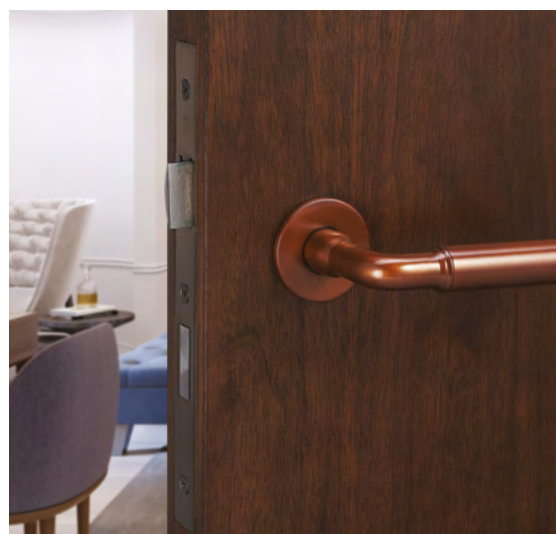

4501 Belmond Lever Handle

Description

- Independently tested to BS EN 1906
- Supplied with Quadaxial concealed fixing roses (tested to 1 million cycles)
- Supplied with spindle and bolt through fixings to suit 32-55mm thick doors
- Hand finished
- Raw material Brass with applied finish

MBB, OPB, PBUL, PEN, PN, RB & SBL

4302/4402 Atlantic Pull Handle

Description

- Bolt through or back-to-back fixings
- Hand finished
- Raw material brass with applied finish
- 25 year mechanical warranty

Available Sizes

300mm / 400mm (fixing centres)

Available Finishes

MBB, OPB, PBUL, PEN, PN, RB & SBL

4503 Imperial Lever Handle

Description

- Independently tested to BS EN 1906
- Supplied with Quadaxial concealed fixing roses (tested to 1 million cycles)
- Supplied with spindle and bolt through fixings to suit 32-55mm thick doors
- Hand finished
- Raw material Brass with applied finish
- 25 year mechanical warranty

Available Finishes

MBB, OPB, PBUL, PEN, PN, RB & SBL

4303/4403 Imperial Pull Handle

Description

- Bolt through or back-to-back fixings
- Hand finished
- Raw material brass with applied finish
- 25 year mechanical warranty

Available Sizes

300mm / 400mm (fixing centres)

Available Finishes

MBB, OPB, PBUL, PEN, PN, RB & SBL

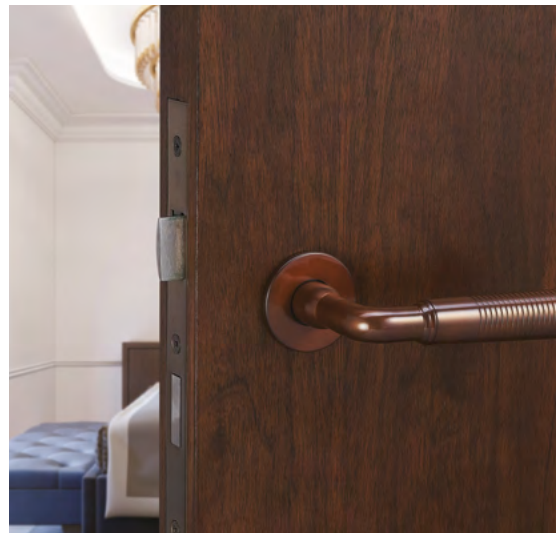

4504 Rosewood Lever Handle

Description

- Independently tested to BS EN 1906
- Supplied with Quadaxial concealed fixing roses (tested to 1 million cycles)
- Supplied with spindle and bolt through fixings to suit 32-55mm thick doors
- Hand finished
- Raw material Brass with applied finish
- 25 year mechanical warranty

Available Finishes

MBB, OPB, PBUL, PEN, PN, RB & SBL

4304/4404 Rosewood Pull Handle

Description

- Bolt through or back-to-back fixings
- Hand finished
- Raw material brass with applied finish
- 25 year mechanical warranty

Available Sizes

300mm / 400mm (fixing centres)

Available Finishes

MBB, OPB, PBUL, PEN, PN, RB & SBL

4505 Oriental Lever Handle

Description

- Independently tested to BS EN 1906
- Supplied with Quadaxial concealed fixing roses (tested to 1 million cycles)
- Supplied with spindle and bolt through fixings to suit 32-55mm thick doors
- Hand finished
- Raw material Brass with applied finish
- 25 year mechanical warranty

Available Finishes

MBB, OPB, PBUL, PEN, PN, RB & SBL

4305/4405 Oriental Pull Handle

Description

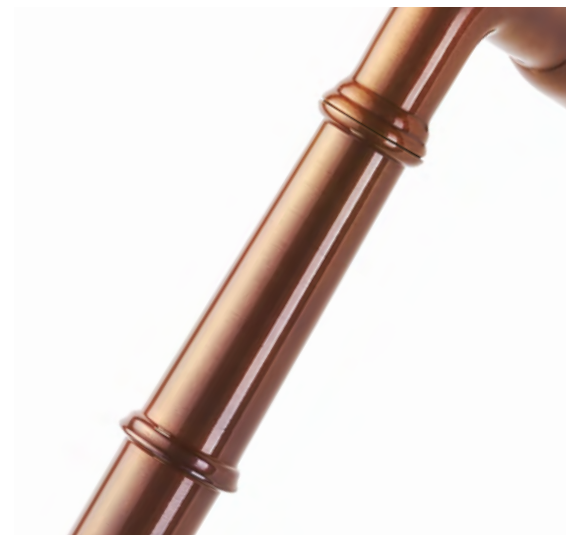

- Bolt through or back-to-back fixings
- Hand finished
- Raw material brass with applied finish
- 25 year mechanical warranty

Available Sizes

300mm / 400mm (fixing centres)

Available Finishes

Finishes

Spectra Living

A range of beautiful living finishes designed to age gracefully.

Curated for the Continental collection, Spectra Living adds a new dimension to the solid brass range including matt, lacquered, waxed and oil rubbed hand-finished patinas. Each only grows more stunning over time as daily use brings out subtle tones of brass and bronze to perfectly complement the timeless designs.

OPB - Oil patina bronze
MBB - Black bronze
RB - Regal bronze
SBL - Satin burnished brass
PBUL - Patinating polished brass

Spectra Tone

Two new Spectra Tone options for the Continental range; pearl lustre or hand polished nickel. When applied to brass these two finishes offer a luxurious warmth with hints of brass or a high shine with a reassuring depth.

PEN - Pearl lustre nickel
PN - Hand polished nickel
